

**Unionville High School  
Class of 1968  
40 th Reunion Questionnaire**

Earlier this year, I came across the [www.classmates.com](http://www.classmates.com) web site, where I saw Barbara Gillespie Marshall's question as to whether anyone was interested in a class reunion. Barb posed this question about a year earlier. After talking to Barb, Martin Reynolds, Hal March and a few others, it looked like there were many who would be interested in attending a 40 th reunion.

Barb Gillespie Marshall, John R. Thompson and Tom Boddorf have worked together in an effort to contact as many people as possible. We have had much help from other classmates and hope that more people can be contacted in the next several months. Any help you can provide with this effort, would be greatly appreciated.

Tom Boddorf has taken on the challenge of creating a Web Site for our class. You will find his handy work at : [www.uhs68.org](http://www.uhs68.org). A Username and Password can be obtained from the Web Site through Barb Gillespie Marshall.

There are several other web sites which other classmates have joined:

1. The Unionville High School - <http://www.alumni.class.com/unionvillehs>
2. The Classmates - [www.classmates.com](http://www.classmates.com)
3. The Reunion - <http://www.reunion.com/showLogon.pub>

We hope to put together a Yearbook Directory which we all will find helpful in keeping in contact with old and new friends made during our class reunion. A PDF Fill in Form is attached for your convenience in submitting information to share with the rest of the class. We hope you will feel comfortable with sharing the information requested. There are check boxes to indicate that you do not want to share your contact information, in case that is important to you.

Besides the information in the Form, we would like to include a current photo in the Directory and would appreciate photos being submitted as soon as possible to: [1968classreunion@frontiernet.net](mailto:1968classreunion@frontiernet.net) or mail to John's address below.

Thank you for your cooperation in this effort. More information should be available on [www.uhs68.org](http://www.uhs68.org) as soon as Tom can get the web pages ready.
